

Can you read the following paragraph?

Only **great minds**  
can read this.

This is weird, but interesting!

If you can read this, you have a  
strange mind too

Can you read this? Only 55 people  
out of 100 can.

I couldn't believe that I could  
understand what I was  
reading. The phenomenon of  
the human mind, according to a  
researcher at Cambridge University,  
it doesn't matter in what order the  
letters in a word are, the only  
important thing is that the first and  
last letter be in the right place. The  
rest can be a total mess and you  
can still read it without a problem.

This is because the human mind  
does not read every letter by itself,  
but the word as a whole. Amazing  
huh? Yeah and I always thought  
spelling was important!
